1. Consideration of Planning Applications

No new applications to discuss.

Vintage Inn – Licensing Application – Cllr Tomlinson attended the committee meeting with Ward Cllr Thompson on 10th March 2015, following which the decision was made to allow licensing only until 11pm. Cllr Leyland said that he had abstained from the vote as residents adjacent to the property had not objected, however he felt that a successful outcome had been achieved.

2. S106 Monies

Cllr. Tomlinson advised of a meeting organised by Ward Cllr Thompson for Monday 23rd March at 7pm, Cllr Leyland felt that the agenda covered the necessary topics. Clerk advised of a call from a resident who had stated disappointment that there was no car parking and no access available for disabled or less able residents. Cllr Leyland said that this type of item is covered within the design development brief which would be drawn up when the master plan is provided. Cllr Leyland stated that the need for a singular area, not a split area must be reinforced at the forthcoming meeting.

With no further business to discuss, the Chair closed the meeting thanking Members for their attendance.
