Make your own Elmer the Elephant

You will need:

- 1 (or more) empty and clean milk bottles
- scissors
- brightly coloured tissue paper cut into equal size and shape squares
- PVA/ white glue and brushes
- white card
- black pen

How to do it!

Stand the milk jug up and cut into it just below the handle. This will form the elephant's trunk. Then cut off the entire bottom half of the jug and cut four legs into it, as well as a little tail.

Use glue to stick down the brightly coloured paper all over Elma's body. Ask an adult to cut the shape of some ears out of some white card, cover them with bright paper and stick them on each side of Elma's head. Use white card and a black felt tip pen to create some eyes.

You're done!
