Job Title

Conditions for placing materials on the highway

The materials to be properly fenced and during the hours of darkness, properly lighted by light at each corner clearly visible to traffic. (If the obstruction exceeds 5m in length, lights shall be placed at 4m intervals).

1. The materials shall not be less than 250mm (10") from the kerb face and shall not project more than 1.75m (5'9") from the kerb face.
2. The materials shall not obstruct any manhole, channel, gully or other apparatus of the Council or any Statutory Undertaker.
3. The materials shall be protected at each end by a board painted yellow and bearing Sharp Deviation of Route signs to conform to the Traffic Signs and General Directions Act 1981 Diagram 569. The Signs shall be kept clean at all times.
4. Loose materials shall be placed on boards and have end boards as in No. 4 above and each long side shall be boarded so as to form a box.
5. The materials shall be removed from the highway by the last day of the period of consent or at the conclusion of works if within the period of consent and the highway shall be left in a clean condition.
6. Nothing in this consent shall be deemed to affect or lessen the powers of the police or the council's officers to have the obstruction moved at any time.
7. Any mixing of materials on the highway to be within the confines of the area of consent and to be carried out on boards and not on the road surface.
8. I or any Contractor on my behalf shall have a current policy of insurance covering public liability in the sum of at least £5m. I will indemnify the Highway Authority in respect of all claims made as a result of the carrying out of the works.
9. Section 171 (3) of the Highway Act 1980, provides that a person aggrieved by the refusal of a consent may appeal to a magistrates court.
10. Materials may not be placed in a designated parking space without prior written agreement of the Council's Parking Control Service, who may suspend a parking space.
11. I agree to make good any damage caused to the highway and keep it in perfect repair for two years to the satisfaction of the highway authority.
