These are most of the cases dealt with by Russ Sherwood, NASUWT Negotiating Secretary for Middlesbrough. Russ has sent over 900 emails and received over 1400 emails in the course of his Union work for Middlesbrough members. Russ works significantly more hours than would be directed hours while on facility time, he is required to take and reply to calls, texts and emails. Russ regularly receives 'One off' calls from members that can be quickly dealt with by advice and guidance; these are not included in the above. Sometimes members just contact Russ to listen or talk with, these again are not included.
